WHAT IS DIGITAL PLANNING?

A **digital planner** is just like traditional paper planners, but instead of being in paper format that you print out or purchase as a physical product, your digital planner is designed to view on your iPad or tablet, using a note-taking app.

These interactive PDF planners contain **hyperlinked tabs** that make navigating through your planner quick and easy. By just clicking on the planner's tabs, the pages flip for you, just like you would use a paper planner with dividers.

HOW TO USE THE NOTESHELF APP FOR IOS & ANDROID

HOW TO CLICK THE TABS AND WRITE

Note: The following instructions apply when the option **Disable hyperlinks when writing** is selected. You can find this option by going to the settings section  of Noteshef and selecting Advanced.

CLICK ON THE TABS

- For the tabs to work, you need to be in the **Read-Only Mode** in Noteshef. The pencil icon should look like the icon above.
- This mode lets you navigate through your pages comfortably while blocking all other inputs, like the pen, highlighter, and eraser.

WRITE ON THE PLANNER

- To be able to write on your planner, you need to **deselect the Read-Only Mode** in Noteshef by selecting any of the writing tools. So, the pencil icon should look like the icon above.
- The writing    tools are: pen, eraser, highlighter, and text.
